# Kentucky

An alternative to a round tent is the classic Pyramid tent typified by the Kentucky. Designed around a single centre pole it offers good height and a very generous amount of floor space amounting to 14m<sup>2</sup>. It will easily accommodate eight people while at the same time providing ample storage space. Made from high quality treated cotton with Canvas or Airtex. It is very easy to transport, to put up and to dry! The Kentucky - excellent quality in a simple, classic design makes for a tent that will last a lifetime.

- Classic pyramid design
- Good interior height
