Rhone

The Rhone is one of our best selling tents, and it's easy to see why. A classic ridge tent design with an optional porch to give additional covered space, it is very easy to assemble and very elegant when erect. The entrance has both central and bottom zippers plus there is an integral gauze window in the side. The porch attaches via D-rings to ensure that no untoward strain is placed on the structure. The Rhone is an excellent traditional tent that will give years of trouble free service.

- Classic ridge tent
- Integral gauze window
- Optional porch
