

Orlando Plus

If your requirements vary from time to time you could find that the ideal tent for you is the Orlando Plus. A decent sized square tent, it starts at a generous 26m² of floor space. The special design of the Orlando Plus then enables it to be extended by inserting a two metre segment between the ends increasing the size to eight metres by four and a half (36m² of floor space). Maybe you'd like to extend it even more? With the Orlando Plus you can add segments to get the size you want. The edges are reinforced to aid tensioning and the segments are easily connected via a robust loop and toggle system. The Orlando Plus - several different tents in one.

- Floor space 26m²
- Extendible using 2m segments
- Reinforced edges for extra tension
