

Set up of house tents Rhone / Ticino

1. Unpack your tent and check to make sure everything is there.
* Contact us straight away if anything is missing following initial delivery. *
2. Lay out the canvas and peg down at the corners (the tent entrance needs to be zipped up).
3. Construct the poles. There are two end poles and one ridge pole.
4. Open the tent entrance and insert the poles. Each end pole connects to the ridge pole and then through the roof hole.
5. Attach the rain caps to the outside of the end poles.
6. Tension the gable guy rope.
7. Tension the external guy ropes. Work from the front towards the back making sure the tent is evenly tensioned.
8. Unzip the entrance and lay out all your camping equipment (enjoy the simple pleasure of being able to stand upright in your tent).
9. Enjoy.

Rhone Contents:

1 x tent canvas

2 x poles (front and back)

1 x ridge pole

guy ropes and pegs

Ticino Contents:

1 x tent canvas and over-roof

3 x poles

1 x ridge pole

guy ropes and pegs

**Always check the guy ropes of your tent and re-tension if required
Mark guy ropes and pegs to avoid tripping over them in the dark**
