Yellowstone

The Yellowstone is a perfect example of everything a pyramid tent should be. The generous height, the graceful sweeping sides and the classic eye-pleasing design all combine to make this tent a joy to own and use. Its footprint is a true square with just under 17m² of floor space available making the Yellowstone comfortable and very roomy - easily capable of sleeping 12 people. A truly graceful tent manufactured to a high standard that will give years of excellent service. Available in cotton or Airtex.
